VOL. XL—No. 1 AUGUST, 1977 $1.00 Per Year

IN MEMORIAM

Edgar McNabb

"A country boy who made it out and made good"

The passing of Edgar McNabb unexpectedly on May 4, 1977, brought shock and a great loss to athletics throughout the State of Kentucky.

"Mac", born and reared in the southern section of Montgomery and Powell Counties, Kentucky, attended the Montgomery County High School where he had his first taste of school athletics under Coach "Pap" Currie.

From that beginning, he went to Morehead, where Coach Downing left a great influence on his life and probably encouraged "Mac" to become a teacher and coach. After a heroic four years, he started in professional baseball with the New York Yankees as a pitcher. New York was just too big at that early age so "Mac" headed back home to Kentucky and started his teaching and coaching life at Raceland High School in Greenup County, Kentucky. He soon brought renown to the Raceland Rambles and, after some six or seven years, was called to succeed Homer Jackson, who had left Bellevue, Kentucky, for the big Male High School job. "Mac", building on Homer Jackson's foundation, kept the "Tigers" of Bellevue at the top of the Little Eight Conference.

McNabb started officiating basketball and football all, over the State and, with his winning smile, and fairness of his decisions, he was soon known as an outstanding student of the game, so much so, that he was selected to work the Sweet Sixteen State Tournament for about ten consecutive years.

After five years at Bellevue, "Mac" resigned and accepted the position of Head Football Coach at Owensboro High School. However, not wishing to move his family, he resigned the Owensboro offer and took a one-year position at Ludlow. At the end of that year, he was asked to become Head Coach of the Beechwood School at Ft. Mitchell, where he soon started football from scratch and led that small school to respectable competition among the schools of the Northern Kentucky Athletic Conference.

"Mac" continued to instruct young men in the art of officiating and represented the Kentucky High School Athletic Association at clinics held throughout the State for nineteen years.

From his role as teacher and leader, he advanced in the field of administration from Coach to Athletic Director, to Principal, and finished up his educational career and retired just a few years ago as Superintendent of the Beechwood School System. Not liking total retirement, he was continuing to lead in the field of education and had taken a part-time position as Director of a Practicum Experience in Teaching Training with Northern Kentucky State University.

"Mac" is survied by his wife, Vestal Mackie, formerly of Mt. Sterling, and two sons: Edgar, Executive Director of the Red Cross of Alliance, Ohio; and Lou, a Baptist Minister of Worthington, Ohio.

To commemorate and honor Coach McNabb's leadership in school activities, the football stadium of Beechwood High School is now named McNabb Field and a Scholarship Fund is being developed at Beechwood in his name.

"Mac" has many friends all over the State and never made an enemy. He will be missed, but not forgotten.—

Tebay Rose, Superintendent

CAN ATHLETIC INJURIES AND COST OF ATHLETIC INSURANCE BE REDUCED?

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.

2. Require players to be physically fit and well conditioned before engaging in contact.

3. Do not allow a player with an injury to participate until he has medical approval to do so.

4. Make sure equipment is adequate, in good condition, and that it is properly worn.

5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produces the most injuries.

6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.

7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.

8. Our COOPERATIVE FOOTBALL PLAN and Student Insurance provide excellent coverage, service and economy.

BOARD MINUTES

(Continued from Page One)

Jones, in appreciation for service rendered to member schools during their tenure on the Board of Control.

Mr. George Sauer then thanked the members of the Board for the support they gave him while serving as President for the past year and turned the chair over to Ray Story, the newly elected President.

Mr. Mills presented the eligibility case of Ronnie Greer, a student at Taylor County High School. Ronnie is ineligible under the provisions of By-Law 6, Section 1, Transfer Rule. After hearing the facts in the case, Paul Trimble moved, seconded by Glendon Ravenscraft, that the Transfer Rule not be waived in this case. The motion passed unanimously.

Commissioner Tom Mills then presented a letter from Prin. Floyd Brown, Madisonville-North Hopkins High School, requesting a ruling on the eligibility status of Todd Shadowen for the 1977-78 school year. Todd was ruled ineligible for the 1976-77 school year under the provisions of By-Law 6, Section 1, but played football and basketball under a restraining order issued by the Hopkins Circuit Court. Following a lengthy discussion of the case, George Sauer moved, seconded by Paul Trimble, that Todd Shadowen be declared ineligible to represent Madisonville-North Hopkins High School in athletics until he has been enrolled there for a period of thirty-six school weeks beginning with the last time he participated in an athletic contest at Madisonville-North Hopkins High School in violation of the rules and regulations of this Association. The motion passed unanimously.

President Story appointed the following Committees:

Basketball Committee — Chairman Denval Barriger, Vice Chairman Jack Burkich, Ray Story, Norman Passmore, Glendon Ravenscraft

Football Committee — Chairman George Sauer, Vice Chairman Joseph McPherson, Denval Barriger, Ray Story, Jack Burkich

Minor Sports Committee — Chairman Paul Trimble, Vice Chairman Glendon Ravenscraft, Joseph McPherson, Zeb Blankenship, Ray Story

Eligibility West — Chairman Joseph McPherson, Vice Chairman Denval Barriger, George Sauer, Ray Story (Region 1 and 2 representative)

Trophy Committee — Chairman Norman Passmore, Vice Chairman Zeb Blankenship, Joseph McPherson, Dianne Caines, Billy Wise

Retirement Committee — Chairman Jack Burkich, Vice Chairman Zeb Blankenship, George Sauer, Paul Trimble (Region 1 and 2 representative)

Staff Committee — Chairman George Sauer, Vice Chairman Paul Trimble, Denval Barriger, Norman Passmore, Glen Ravenscraft

The Commissioner made a report on Association receipts and disbursements during the 1976-77 year and presented copies of the proposed 1977-78 budget to the Board for consideration. Following the discussion, Paul Trimble moved that the 1976-77 audit report and the proposed budget for 1977-78 be approved. Denval Barriger seconded the motion and it passed unanimously. A complete audit will appear in the August issue of the "Athlete."

Mr. Mills presented recommended proposals from the State Football Committee for consideration. The proposals dealt with possible changes in the present playoff system to become effective during the 1979-80 season. President Story requested the Football Committee of the Board of Control study these proposals and present their recommendations at the October meeting of the Board.

Assistant Commissioner Dianne Caines presented the bids received by the Trophy Committee on trophies for the 1977-78 school year. Bids were received from four different firms. After reviewing the bids, Norman Passmore moved, seconded by George Sauer that the bid submitted by the Riherd Sport Shop, Glasgow, Kentucky, be accepted. The motion passed unanimously.

Mr. Mills explained that newly elected Board member, Arnold Oaken, had accepted a position with Murray State University, thereby creating a vacancy on the Board of Control in Section 1. He was instructed to fill the vacancy as outlined in Article IV, Section 2, of the Constitution.

Glendon Ravenscraft moved, seconded by Paul Trimble, that all bills of the Association for the period beginning June 1, 1977, and ending June 30, 1977, be allowed. The motion passed unanimously.

The next meeting date for the Board was scheduled for 10:00 A.M., Saturday, October 8, 1977, at the K.H.S.A.A. Building in Lexington.

There being no further business the meeting was adjourned.

Members of the Executive Committee of the K.H.S.C.A. present were: Pat Dale, Bob Miller, Al Prewitt, Garland Miller and Joe Ohr.

As the minutes of the past meetings were published in the "Athlete" it was proposed that the reading of the minutes be dispensed with. The treasurer Joe Ohr, gave a detailed financial report for the past year and on motion of Leon Dunnigan and a second by Mike Stewart, the report was accepted.

On a motion by Leon Dunnigan and a second by Mike Stewart it was proposed that the Executive Committee of the Kentucky High School Coaches Association study the feasibility and dis-

tinct possibility that the 1978 All-Star games be played in Louisville — with a State versus Jefferson County set-up. Motion passed.

Newly Elected Board Member

Barney Thweatt

Barney Thweatt graduated from Brewers High School in 1948. He was a member of three State Tournament terms while in high school. The 1947 Brewers team was runners-up to Maysville High School, and the 1948 team won the State Championship with a 36-0 record. (The last team to go undefeated and win the State Tournament.) Brewers was coached by the late McCoy Tarry.

Mr. Thweatt graduated from Murray State College in 1953 and was a member of the basketball team which was composed of Garrett Beshears, Howard Crittenden, and Charles "Doddle" Floyd.

Barney Thweatt coached high school basketball in Farina, Illinois, Oldham County Kentucky, and Paducah Tilghman. His 1963 Oldham County team went to the semi-finals of the State Tournament before being eliminated by Seneca High School, the 1963 State Champion. He was named Coach of the Year in the 8th Region in 1963. His 1967 Paducah Tilghman team lost to Covington Catholic in the first round of the State Tournament and Covington Catholic lost to Earlington in the finals of the State Tournament by one point. He was named Coach of the Year in Region 1 in 1967. He served as President of the First Regional High School Basketball Coaches Association while at Paducah Tilghman.

In the fall of 1967, Mr. Thweatt was hired as Principal of North Marshall High School, and while there he served as President of the Western Kentucky Association of School Administrators, and President of the First Regional Ninth Grade Basketball Association. He was named Principal at Mayfield High School in 1970 and served three years before moving to Christian County High School. He is now serving as President of the Western Kentucky Football Conference, and is active in Kentucky Association of School Administrators and Kentucky Association of Secondary School Principals.

BOARD MINUTES

(Continued from Page One)

was issued against the K.H.S.A.A. by Judge Tom Spain in the Hopkins Circuit Court on September 22, 1977. Following a lengthy discussion, Joseph McPherson moved, seconded by Denval Barriger, that the Board not appeal this decision. The motion passed by a vote of 7 to 2.

Representatives of the twenty-four Jefferson County Public schools and the four parochial high schools came before the Board to discuss the proper procedure for the distribution of proceeds from the Class AAAA playoff football games. Following the presentation, President Ray Story recommended that all playoff games, when possible, be played as double headers and the gate receipts be divided four ways. If it becomes necessary to play the games at different sites, the admission price shall be the same at both sites and total receipts shall be divided among the four competing schools. The final game receipts are to be divided between the two competing schools. Zeb Blankenship moved, seconded by Jack Burkich, that the recommendation of President Story be accepted. The motion carried unanimously.

Football Committee Chairman George Sauer, presented the results of the recent opinion poll taken among the member schools concerning possible changes in the present playoff system. Following a discussion of his report, it was agreed that no changes would be made pending further study. The Commissioner was directed to inform all State Class AAAA football playing schools that a meeting has been scheduled on October 26, 1977, to discuss the present playoff system. The meeting will be held at Stouffers' Inn, Louisville, at 2:00 P.M., and each Class AAAA school is requested to have a representative present at this important meeting.

Commissioner Mills requested the Board to set the site for the 1977 Football State Championship games in Class A, AA and AAA. He explained that three sites were available at the present time, including the facilities at the University of Kentucky, Eastern Kentucky University and Henry Clay High School in Lexington. Paul Trimble made the motion, seconded by Zeb Blankenship, that the 1977 Class A, AA and AAA playoff games be played at Eastern Kentucky University, Richmond. The motion passed by a vote of 8 to 1.

The Board discussed the recent action of the State Board for Elementary and Secondary Education with respect to the Kentucky High School Athletic Association's Constitution and By-Laws. Following a lengthy discussion, Commissioner Mills was instructed to schedule a meeting with representatives of the State Department of Education for the purpose of reviewing the contents of this action as soon as possible.

Paul Trimble moved, seconded by Denval Barriger, that the fee for baseball umpires for the 1978 season be set at $15.00 for a single game and $25.00 for a double header. The allowance for travel shall be the same as for basketball officials. The motion passed by a vote of 8-1.

Joseph McPherson moved, seconded by Zeb Blankenship, that all bills for the period beginning July 1, 1977 and ending September 30, 1977, be allowed. All members voted aye.

The Board of Control set the next meeting date for December 17, 1977, at 10:00 A.M. at the K.H.S.A.A. Building, Lexington.

There being no further business, the meeting was adjourned.

Athletics Are Justified

By: Bill Smith,
Director of Athletics
Bend, Oregon

(This article first appeared in the April-May, 1977 issue of the OSAA Interscholastic, the official organ of the Oregon School Activities Association.)

It doesn't take a genius to figure out what taxpayers want when it comes to public education in Oregon schools. They want the most their dollar will buy, more accountability, better discipline and a return to the basics.,

If one were to take a close look at the public schools and their various programs offered, that person would soon see that in the areas of athletics the public is getting all that it demands and a great deal more.

Let's face reality. The only people really accountable in the public schools are the custodians and the coaches. A poorly coached team and a dirty floor show up like a sore thumb. Coaches put their products out at least once a week for the public to see. If athletes are not fundamentally sound, if they do not display good sportsmanship, or act in a manner that is not acceptable publicly, everyone can tell immediately. That's what you call being accountable. Where else can you get this type of accountability in your school system?

Nowhere in public schools is discipline maintained more than in the athletic programs. Athletes are the last stronghold for discipline in our schools. Parents, teachers and law enforcement agencies have not had the success in maintaining discipline with youngsters that our athletic programs have had. Most youngsters will abstain from alcohol and tobacco, will maintain above average grades and will conduct themselves in a lady or gentlemanly like manner in order to participate in an athletic program. Discipline is getting tougher and tougher for coaches to maintain. Everyone is asking for more discipline in our schools, but at times it appears what they are really saying is, "We want all youngsters disciplined — except our own."

It's lucky for all of us that coaches are a courageous lot. The public is crying for discipline, but the parents are saying, "We want discipline but go easy on my son or daughter," and the courts are saying, "if you discipline athletes you may be sued for damages."

With the many public pressures, accompanied with low coaching salaries, it's a wonder we still have people who want to coach. Coaching salaries are the best buy the public has for its money. It would be absolutely shocking if people knew how little coaches were being paid for their coaching duties. The amount, in most cases, would not meet the minimum wage. Paying these wages for working with America's most precious resources (our kids), doesn't make sense, but our coaches aren't complaining — yet.

When a school district provides an athletic program, it is providing one of the original basics in education. All one has to do is to turn to Greek history and that person would find that forms of athletic competition may have been the original basic education. What could be more basic than learning to compete within the framework of the rules, getting along with others, winning and losing with honor, being able to adjust to disappointments and failures and maintaining self-discipline.

The number one killer in America today is heart disease. One of the main things leading to heart disease is lack of activity. Knowing this, one wonders why the American public isn't demanding that we pump more money into athletic facilities and programs so that more youngsters may take part. Facilities are so limited in some school districts now that youngsters may be practicing as late as 10 p.m. and as early as 5:30 a.m.

Instead of continuously criticizing competitive athletics, school administrations and the general public should study and evaluate athletic programs to find out why they are so important to youngsters and why they have been so successful so long. When they find the answers to these things, they should take those elements that make athletics important and apply them to all academic programs.

Why is it that parents get so upset when their son or daughter does not have a good experience in athletics? Do they react the same if their son or daughter has a similar disappointment in an academic class? How many petitions are sent around to fire a coach compared to those sent around to fire an individual in a regular teaching position? Do parents and the public react the same to academic cuts in curriculum as they do in cuts of athletic programs? Persons who feel that the answer to this one is "yes" should contact school districts that have experienced cuts in both areas.

Why all the concern for Athletics? Because athletics do the job of educating our children. Participants learn the very basics of life and can then apply those things learned to everyday life. A youngster can apply self discipline more often than he or she can X equals Y.

The reason athletics do the job is because participants are challenged. The challenge may come in many forms, to be the best team player, to make the starting lineup, just to be a part of a team or the challenge against one's self, which is the biggest competitor that any of us will face. Competition, if handled in a proper manner, is the most important element in our American society. Without competition, the wheels would stop.

Instead of continuously criticizing athletics, take this basic structure and apply it to the total education program. Put the same pressure on all educators to do as good a job as is put on coaches. Develop an academic competitive program. Have Mr. Brown's history class challenge Mr. Jones' history class and establish an academic winner. Invite the public to see the contest. The rules of the game are already established. Every school district has a basic curriculum that says what is to be taught at each grade level. All game questions would stay within the curriculum framework.

Wouldn't it be interesting and exciting to see all of the new motivational techniques developed to teach youngsters? Classroom teachers would experience what coaches have experienced for years. They would take the material sent to them, (their student) and develop it to its fullest potential, and then compete against other teachers and students who have been doing the same. This is accountability at its best.

Athletes and coaches are a long way from being perfect, but they come closest to providing what most parents want for their youngsters — an individual who can function in real life.

A Philosophy Of Interscholastic Athletics For Member Schools

NOTE: This article was written by representatives of the Louisville Association of Catholic High Schools. Some of the ideas and suggestions contained in the article were copied with permission, from a similar document published by the Unified School District #1 of Racine, Wisconsin.

The interscholastic athletic program of member schools is an integral part of their educational program. It must, therefore, be in harmony with their educational objectives. Any interscholastic athletic activity should teach:

...an individual to be a responsible and contributing team member.
...selfless effort in working with others to reach a common goal.
...appreciation of efforts of others, whether they be teammates, opponents, officials, coaches, or spectators.
...a desire to overcome barriers in the way of achieving full potential and success.
...an ability to keep activities and games in proper perspective.

In addition to team members, goals of the athletic program should be meaningful to all students in a school and to citizens of the community. Athletics should be a meaningful, valuable community activity, and foster loyalty, school spirit and healthy competition.

Players:

a. Serve as a positive example for spectators by exercising self-control and good sportsmanship. Always shake hands with the opponents at the conclusion of a game — whether you win or lose. For an even more positive display of good sportsmanship, players could shake hands **before** a game begins (perhaps the two "starting line-ups?")
b. Accept both victory and defeat with pride and compassion. Although some people might believe there is no place for compassion in athletics, we believe there is.
For example:
- prayer before game asking the Lord's help in preventing serious injuries to **any** of the players involved in the game;
- never cheer when an opponent gets hurt;
- offer a hand to help an opponent up off the floor or field;
- never "rub it in" when an opposing player makes a mistake or commits a foul;
- never "rub it in" when your team is ahead during or at the end of a game.

c. Accept seriously the responsibility and privilege of representing the school and community. Take care of the facilities you are using when playing at the host school; do not leave graffiti on their walls, lockers, bulletin boards, etc.

4. Cheerleaders:

a. **Always** be positive; **never** be negative. Try to guide the fans in this same manner.
b. Choose the appropriate cheers at the right time, insuring that cheering is positive and does not inflame an audience.
c. Use no noisemakers — bells, horn, etc., at basketball games; bring/post no signs at any athletic events.
d. At basketball games, do not conduct a cheer at the same time as the visiting cheerleading squad. Discourage spectators from interrupting visiting cheerleaders, as a common courtesy. Discourage all cheering, whistling, counting the dribbles, foot-stomping, and other means used to deliberately distract an opponent who is about to shoot a free-throw.
e. Keep skits at pep rallies positive; build them around **our** team, not the opponent. **Never** belittle, degrade, put down the opposition in a skit.
f. Work cooperatively with the other cheerleading squad.
g. Cheerleading supervisors should attend all home contests. Cheerleading supervisors or their staff member representative should attend all contests played away from home.
h. Do not "compete" with cheerleaders and/or fans across the way ("back and forth cheers").
i. No "anti-mascots".
Mascots stay on their own side, mind their own business.

5. Cheers:

- Always, always, always be positive!!!
- **Cheer** for our team; don't **jeer** their team.
- Never use foul language.
- Do not use the opponent's **school name, colors, symbols, mascots, coaches' names, players' names,** etc., in a derogatory manner.
- Do not use cheers which are directed at game officials.
- Avoid inflammatory and anti-human words like "kill", "cripple", "vicious", etc.

6. Posters: (in school halls, cafe, classrooms, dressing rooms)

- follow same guidelines as for cheers.
- avoid using words and ideas such as: "kill", "cripple", "mutilate", "death and burial" themes, blood, etc.

C. STUDENTS AND PARENTS:

1. Use announcements and posters to promote school spirit and sportsmanship at games; signs and posters must receive school approval, and must be confined to the school campus; signs and posters are never to be taken to games.
2. Promote pre-game interest and activity so the athletic program is shared by all, not just the athletes.
3. Student committee should serve as hosts to visiting team members and visiting spectators; emphasize that the visiting team is the guest of all students.
4. Promote adult attendance and participation.
5. At the game: encourage student leaders to work cooperatively with monitors and security personnel. (Students should **not** be asked to act as "policemen", but simply to cooperate.)
6. Visiting area of other school: except for official school business, students will stay out of the neighborhood of the opposing school during the week preceeding a game.
7. Be a good host (guest) to opponents; treat them as guests (hosts).
Be respectful during
national anthem
pre-game ceremonies
half-time ceremonies
(drill team, band, homecoming, etc.)
8. Alcohol and Drugs — violation of state law and school rules will be considered in the most serious manner possible.

THIS WE BELIEVE ABOUT ATHLETICS

Every athletic activity should teach player and spectator:

- to be a responsible and contributing member of his/her team and school.
- to make selfless efforts in working with others to reach a common goal.
- to overcome barriers in the way of achieving full potential and success.
- to play and live by the rules that protect the rights of all.
- to show appreciation and respect for the efforts of others, whether they be teammates, opponents, officials, coaches or spectators.
- to keep these activities and games in proper perspective.

In practice, this means:

We expect coaches to serve as a positive example of fair play, sportsmanship, and respect to-

wards their own, and opposing players, coaches, and game officials.

We expect players to serve as a positive example for spectators, by exercising self-control and good sportsmanship, and by accepting both victory and defeat with pride and compassion.

We expect cheerleaders and students to keep all cheers positive; to avoid the efforts to distract the opposing team's efforts; to refrain from rubbing-in a defeat.

We expect students to respect the players and supporters of the opposing team, in word and action, before, during, and after a game.

We expect parents and other spectators to obey the K.H.S.A.A. Rules and State Laws, that forbid the sale and use of alcoholic beverages at high school contests.

PART I EXAM—KEY SHEET:

13-D is a TRUE statement
22-A is a FALSE statement

1. **PLAY:** On a scrimmage kick R1 is a yard and a half behind his line of scrimmage when he jumps up and deflects the kick, (a) R1 was, or (b) was not driven off the line of scrimmage by a block by K1. Is the touching of the kick ignored?
RULING: The touching of the kick in the expanded neutral zone is ignored in both (a) and (b) (6-2-5 and 2-20-2).

2. **PLAY:** Due to a penalty the ball is put in play for the try-for-point on the one and a half yardline. K1's kick is (a) touched by R1, who is within two yards of the line of scrimmage, but standing just inside his end zone, or (b) R2 is standing deep in his end zone just under the cross bar, leaps up and deflects the kick just prior to its going through the uprights.
RULING: Touchback in both (a) and (b) (8-5-3a and 4-2-2a) Note: The "expanded neutral zone" does not extend into the end zone.

3. **PLAY:** After the ball has been declared ready for play on a free kick, R has six or more players within five yards of its free kick line (the 50). Before the ball is kicked R6 drops back to his 40 yardline.
RULING: Legal, as long as R6's action leaves "at least 5 R players . . . within 5 yards of their free kick line". (6-1-4)

4. **PLAY:** After the ball is declared ready-for-play on a free kick from the 40, R1 moves to his 46 yardline to be within 5 yards of his team's restraining line. R1 is (a) the sixth R player to be in this area, or (b) becomes the fifth R player to be within 5 yards of his team's free kick line.
RULING: Legal in (a). Illegal in (b), since at least 5 R players were not within 5 yards of their free kick line at all times after the ball was declared ready for play.
COMMENT: While he is not obligated to do so, most umpires would not allow the ready-for-play

signal to be given until they had called the receiving team's attention to the fact that they only had four players within 5 yards of their free kick line.

5. **PLAY:** On a free kick from the 40, K1 misses the ball (a) because the wind blew it off the tee, or (b) through personal error. In either case the kicking team entered the neutral zone.
RULING: In (a) the official theoretically 'blew the ball dead' before there was any encroachment. In (b) encroachment. Re-kick from K's 35.

6. **PLAY:** Following a scrimmage kick the ball is bouncing near the goal line when K2, strikes the ball with his head to keep it in the field of play, and then downs it.
RULING: Legal. It is no longer possible to illegally bat the ball by striking it with the head (2-11-3).

7. **PLAY:** On a free kick from K's 40 the ball is rolling on the ground at the 3 yardline where R1 bats the ball into the end zone.
RULING: Foul and touchback. If K accepts the penalty they will re-kick from R's 45, or it will be first and 10 for R from the 20.

8. **PLAY:** With 3rd and goal from the 5, A1 is hit at the 3 yardline and fumbles. There is an inadvertent whistle while the ball is loose behind A's line of scrimmage, following the fumble.
RULING: The down ended at the 3 where possession was lost. It will be 4th and goal for A from the 3 yardline.

9. **PLAY:** Team A scores on the last down of the game to tie the score. The try for point fails. There was a personal foul by B either during the touchdown or in the dead ball period before or after the try. At the beginning of the 10 yard overtime plan, Team A wins the toss and elects to go defense first. Team B puts the ball in play on the 25 yardline. On second down they advance the ball to the 12 yardline. Are they now awarded a new series of downs?,
RULING: No. Each overtime series begins with first and goal to go. The only way the offense can get a first down (or a new series of downs) in overtime is if there is defensive pass interference or a double change of team possession. In the overtime period there is no need to man the yard chains. Only the downs box is used to mark the spot of snap.

10. **PLAY:** After the defensive team has taken the field following a change of team possession, team B's coach notices there are only 10 players on the field and instructs B11 to enter the game. B11 enters the field after the snap and is; (a) on his own side of the line of scrimmage, or (b) on A's side of the line of scrimmage.
RULING: Illegal substitution in either (a) or (b). When a team begins a down with less than 11 players it must finish the down with the players on the field at the time of the snap or free kick. (3-7-1)

11. **PLAY:** Prior to the snap, Team A has 8 men on the line of scrimmage. Prior to the snap A8 who was on the end of the line shifts into a back field position. A7, who prior to A8's change of position was an interior lineman, is now on the end of his line of scrimmage. A7 rises from his 3-point stance and moves to a new position 5 yards further out on the line of scrimmage where he again assumes a 3-point stance.
RULING: Legal. Restrictions that apply to interior linemen no longer apply to A7 after A8 moved off the line of scrimmage and assumed a position in the backfield. (7-1-2)

12. **PLAY:** A1 is a split-end who takes a position 10 yards to the right of his offensive tackle and is standing with his foot within 12 inches of the line of scrimmage. A2 is a flanker back, has also taken an upright position 15 yards outside of his left end. His foot is more than 1 yard behind the line of scrimmage.
RULING: Both the split-end and the flanker are in legal position. Undoubtedly their head or some part of their body is breaking the plane of an imaginary line drawn through the waistline of the snapper and parallel to the line of scrimmage, in the case of the split-end, or the waistline of the left tackle, in the case of the flanker-back.
COMMENT: Though the definition of an offensive player on the line of scrimmage and offensive back legally in the back field have been revised this year to provide officials with better guidelines, there has been no change in the intent or purpose of the rule. In the case of players who take an upright stance some distance away from adjacent team mates, it may be easier to use the foremost part of the players body which in some cases may be the foot instead of the head as the guideline. In normal 2, 3 or 4 point stances of offensive backs and linemen, the head would be the foremost part of the body.

13. **PLAY:** With 4th and 20 from the 50, K1's low scrimmage kick is touched by R1 on the 49, and is then touched by (a) K2 on the 45, or (b) R2 on R's 45 before being recovered by K2 on the 40 yardline.
RULING: R1's touching in the expanded neutral zone is ignored. In (a) R will undoubtedly take the ball to the spot of first touching by K2 (the 45). In (b) it will be K's ball first and 10 from the 40. (5-1-2c).

14. **PLAY:** K's low scrimmage kick from the 40 is muffed by R1 at the 45 where it rebounds behind K's line and is recovered by K2 who throws a forward pass to K3 who is downed on his 48 yardline. Before the recovery by K2, there is a personal foul by R2. During the forward pass by K2, K5 is illegally down field.
RULING: Replay the down. There has been no change of possession and the live ball fouls by both teams constitute a double foul.

15. **PLAY:** Scrimmage kick by K1 is muffed by R1 beyond the line after which K2 commits a personal foul while the kick is still loose and before it is recovered by (a) K2, or (b) by R2.
RULING: In (a) R will undoubtedly accept the penalty and the down will be replayed following a 15 yard penalty from the previous spot. In (b) R may take the ball at spot of recovery rather than accept the penalty.
COMMENT: Last year this would have been an automatic first down for K after the penalty but the new exception to 5-1-2c provides there will not be a new series of downs if R were first to touch the scrimmage kick while it was beyond the line and there was a foul before the kick had ended and the penalty was accepted.

16. **PLAY:** With fourth and 20 from the 50 yardline, K1's low scrimmage kick is muffed by R1 on the 40 and recovered by R2 on the 45 yardline. Before the kick had ended R2 holds.
RULING: K will undoubtedly accept the penalty and it will replay the down, fourth and 5 from R's 35.

17. **PLAY:** Blocker A1 initially contacts the opponent with his forearm. His elbows are outside the shoulders and not extended more than 45 degrees from his body. Following the initial contact, A1's elbows drop inside the frame of his body while (a) maintaining contact with his hands or forearms, or (b) A1 changes his point of contact to his shoulder. neck and head areas.
RULING: (a) Illegal, (b) Legal.
COMMENT: The new prohibition which requires a blocker to have his elbows entirely outside his shoulders . . . 'hands closed or cupped with the

palms not facing the opponent, and forearms approximately parallel to the ground and in the same horizontal plane and not extended more than 45 degrees from the body, etc.', . . . apply to a blocker who is contacting his opponent with his arms or hands. It is still legal to block with the shoulder and the position of the arms or forearms is of no consequence as long as there is no holding or striking of a blow.

18. **PLAY:** A1 is blocking with one arm (only) and it is extended no more than 45 degrees. His other arm is at his side, or touching the ground.
RULING: As long as the contact with the opponent is with only one arm and all other provision of 9-1-1 are met, such as the position of the elbow, hand and forearm in contact with the opponent, this would be legal.

19. **PLAY:** K back to punt muffs snap and: (a) accidentally; or (b) intentionally kicks ball into R's end zone where K3 recovers.
RULING: Touchdown in (a). In (b) it will be 15 yards from the spot of the foul for illegal batting.

20. **PLAY:** K's free kick is bouncing on R's 3 yardline when R1 bats it into the end zone where it is recovered by K2.
RULING: Touchback and foul for illegal batting. Kick had not ended. Ball became dead as soon as the kick touched something in R's end zone. K has the option of accepting the 15 yard penalty from the previous spot and re-kicking or giving the ball to R first and 10 or from its 20.

21. **PLAY:** On a free kick from the 40 yardline, K1 the kicker misses the ball and crosses the free kick line. All other members of the kicking team come to a stop behind their free kick line. R1 who is within 5 yards of his team's free kick line anticipating the kick enters the neutral or retreats across his 45 yardline as soon as K1 steps on, or over, his free kick line.
RULING: This was obviously a designed play to draw R into encroachment or a free kick violation as it would not be natural for the other 10 members of the kicking team to anticipate K1 missing the ball and come to a stop before crossing their free kick line. Even though K1 is exempt from the encroachment provision in 6-1-3, this play has all the characteristics of a false start on a scrimmage down and the play is designed to simulate action of a free kick in an effort to draw R into encroachment or a free kick violation. Following the penalty, K will re-kick from its 35 yardline.

22. **Play:** After the ball has been declared ready-for-play on a free kick from K's 40, one of the five R players that is within 5 yards of his team's restraining line, steps to the 44 yard line and then immediately returns across the 45 before the kick.
Ruling: It's a free kick infraction. The ball remains dead and K will kick from its 45. (6-1-4)

23. **Play:** A1 who is behind and facing the neutral zone: (a) holds the ball with one hand over his head and bats it downfield; or (b) tosses the ball into the air and then bats it downfield. In both (a) and (b) the ball strikes the ground beyond the neutral zone.

Ruling: In (a) it is a forward pass which is incomplete. In (b) if the ball is tossed forward above the head of A1 and he bats it, it is an incomplete forward pass. However, if the ball went backward and is batted by A1, it is a foul for an offensive player batting a backward pass forward. (7-5-1, 9-5-5)

24. **Play:** During a scrimmage-kick by K1, R1 signals for a fair catch. R2 who did not signal attempts to make the catch and is tackled by K2: (a) just as R2 touches the ball; or (b) prior to the time R2 touches the ball. In (a) and (b) the ball strikes the ground and is recovered by K3.
Ruling: In (a) there is no foul provided the contact by K2 is after the touching by R2 and the ball would belong to K. In (b) it is fair catch interference by K2. This is a foul during a loose ball play and penalty is administered from the previous spot. (6-5-5)

25. **Play:** At the beginning of the 10 yard overtime procedure, Team A wins the toss and elects to go on offense. On first down, B2 intercepts a pass and, in making the tackle, A2 grasps B2's face mask.
Ruling: Team B will put the ball in play to start its series of 4 downs first and goal from the 10 yardline.
Comment: Only dead ball fouls and defensive live ball fouls that occur during a successful touchdown, field goal or try are penalized from the succeeding spot. This is a live ball foul that would ordinarily be penalized from the end of the run. However, if you marched off the penalty against A for the face mask foul, the ball would still be put in play on the 10 yardline to begin B's series of downs. Therefore, in effect, we ignore the live ball fouls by A or B that occur after a change of possession ends the overtime series. (10-4-3, 10-5-3 and 8-3-5 and fundamental 43).

26. **Play:** Prior to the first overtime series in which the ten yard procedure is in effect, A wins the toss and elects to go on offense, after which B chooses to defend the north goal. After both teams have had their possessions and the score remains tied. Team B elects to go on offense and Team A elects to defend the south goal.
Ruling: This is permissible. The same three choices (i.e. offense, defense or end of field) that were available to the captains at the beginning of the first overtime period are still available.
Comment: The last paragraph of the 10 yard overtime procedure on Page 85 in the rule book indicates, "If additional periods are required the first choice of **options** will be alternated." A choice of options indicates there is more than one option.

27. **Play:** On a kick-off from K's 40, R has 6 players within 5 yards of its free kick line (the 50) at the ready-for-play signal. Prior to the kick, (a) R1 who was in this 5 yard zone moves to his own 40, or (b) R7 who is not in the 5 yard zone at the ready-for-play signal, moves to his 46 yardline and then R5 and R6 withdraw to their 40 yardline.
Ruling: Legal in both (a) and (b). There is no stipulation that the 5 players required to be within 5 yards of their free kick line at the ready-for-play must remain the same 5 players, as long as there are **always** 5 players within 5 yards of their free kick line from the time of the ready-for-play signal until the ball is kicked. (6-1-4)

28. **Play:** Following a safety, K1 uses a punt to free kick from his 20 yardline. The kick is high and the wind carries the ball back (a) into K's end zone where K2 attempts to catch the punt but muffs it into the field of play where R1 recovers, tries to advance but fumbles on K's 2 yardline where K3 recovers; or (b) to the 5 yardline where R1 muffs the ball into the end zone where K3 recovers.
Ruling: In (a) R1 will undoubtedly accept the ball at the spot of first touching by K2 in the end zone resulting in a touchdown. If R declined the penalty it would be 1st and 10 for K on their 2 yardline. Safety in (b). The force is K's kick. (2-8)
Comment: While 6-2-4 specifies first touching (of a scrimmage kick) must be between the goal lines, there is nothing in 6-1-7 (free kick) that prohibits first touching being called **anywhere** behind K's free kick line.

29. **Play:** 4th and 10 from K's 40. Replaced R11

does not get off the field before the snap. K1 punts. The ball is first touched by K2 on R's 30 and then recovered by R1 who returns to K's 40 where he fumbles. K3 recovers the fumble and returns it into R's end zone. During K3's run K4 clips on R's 30.

Ruling: If K accepts R's foul for illegal substitution it will be a double foul and the down will be replayed. (10-2-1-c). If K declines R's foul, R may take the ball at the spot of first touching, and K declines R's foul for illegal substitution, K would have the ball 1st and 10 on R's 45 after enforcement of the 15 yard penalty against K for clipping (6-1-7 and 6-2-4).

30. **Play:** With 3rd and 10 on B's 30, A1 retreats to his 23 and throws a pass which is muffed by ineligible A6 and intercepted by B1 who returns it to A's 15 where he fumbles and the ball is recovered by A2.

Ruling: Team B has three options; (1) Accept the penalty in which case it would be 4th and 22 from the 18 for Team A, (2) Decline the yardage in which case it would be 4th and 17 on A's 23 or, (3) Accept the results of the play which would have Team A putting the ball in play at 1st and 10 from its own 15 yardline. (The spot where A2 recovered B1's fumble). (7-5-4)

31. **Play:** Time expires at the end of the first half during a scrimmage kick. After the down K2 piles on, R3 strikes K2 and K3 strikes R3.

Ruling: The dead ball foul for piling on is ignored unless it is unsportsmanlike, in which case you would eject K2 and enforce the penalty on the kick-off to start the second half. The fouls by R3 and K3 for striking will also be enforced on the succeeding kick-off to start the second half, and both will be ejected. (3-3-3)

32. **Play:** B1 intercepts a pass in his end zone and the ball rolls into the playing field where A1 bats the ball over B's end line. The officials determine that A's illegal bat (a) supplied a new force, or , (b) did not supply a new force to B's fumble.

Ruling: In (a) touchback unless B accepts the penalty for the illegal batting in which case they would put the ball in play 1st and 10 from their own 15, as the basic spot for A1's bat is the end of the run or in this case the goal line. In (b) Team B will undoubtedly accept the penalty and put the ball in play 1st and 10 at its own 15. To decline the penalty would result in a safety since the force that put the ball over the end line was considered to still be B1's fumble. (9-5-5, 2-8)

Delegate Assembly Members

Members of the Delegate Assembly at the forthcoming 1978 annual meeting of the Association were elected by the principals of K.H.S.A.A. member schools on ballots returned to the State Office before November 15. There were several ties in the voting for delegate and alternate. These ties were broken recently, with the delegates and alternates determined by lot. Article IV, Section 2-b, of the Constitution states in the last sentence "If the duly elected delegate or alternate does not answer the roll call at the annual meeting of the Delegate Assembly, the district shall remain not represented." The names of the district representatives are as follows:

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, on Saturday, December 17, 1977. The meeting was called to order by President Ray Story at 10:00 A.M., with Board members Norman Passmore, Denval Barriger, Zeb Blankenship, Jack Burkich, Joseph McPherson, George Sauer, Barney Thweatt, Paul Trimble; Commissioner Tom Mills, Assistant Commissioners Dianne Caines and Billy V. Wise present. Conley Manning and Darrell Wells were present representing the State Department of Education and the State School Boards Association, respectively. The invocation was given by Zeb Blankenship.

Norman Passmore moved, seconded by George Sauer, that the minutes of the October 8, 1977, meeting of the Board be approved. The motion was carried unanimously.

Barney Thweatt made the motion that the minutes of the November 14, 1977, meeting of the Board be approved. Denval Barriger seconded the motion and it passed unanimously.

President Story introduced Prin. Thomas Stephenson, Heath High School, and one of his students, Pat Thomasson. Commissioner Mills reviewed the case that was presented to the Board the first time in the October 8, meeting. Mr. Stephenson had requested that the Board waive By-Law 5, Section 1, Enrollment, Maximum Number of Semesters, because of an injury that Pat sustained during the first game of their football season. Mr. Stephenson presented the case again to the Board for their consideration. After a lengthy discussion, Norman Passmore moved, seconded by Paul Trimble, that the appeal be denied. 1. **Comment:** Following are some salient points concerning Rule 6-7 Exceptions 1 and 2.
A. On a field goal **try** which is in flight, one of the two rule infractions which can cause the ball to become dead is when a teammate of the shooter or the shooter excessively swinging his or her arms or elbows without contacting an opponent. No basket can be scored. If any player fouls while excessively swinging his or her elbows, the ball remains alive until the **try** ends.
B. Continuous motion can not apply to a **tap.**
C. When a player taps the ball towards his or her basket, it is not a tap until the ball is in flight.
D. If a **tap** is in flight toward the tapper's basket and the tapper or a teammate fouls, the ball becomes dead immediately.
E. All fouls which occur while a **tap** or **try** are in flight shall be penalized.
F. No foul causes a **try** in flight to end. All fouls during any live ball shall be penalized. Case Book 305F, 305H, 6-7-Exception and Rule 10-10.

1. **Play:** A1 passes the ball to A2, however, A2 is not looking. The ball strikes A2 on back of the head goes directly to the basket of team A. It is on the ring when time expires and subsequently enters the basket.
Ruling: No goal. The ball striking A2 on the head is not considered a tap. A ball is tapped with the hand.

2. **Play:** A1 taps ball from a jump ball at the free throw line. The ball is in downward flight near A's basket and above ring level but not in the cylinder when B2 rises and bats the ball away or grabs it.
Ruling: This is legal. Goal tending coverage applies only to a field goal try.

3. **Play:** A1 taps ball toward team A's basket. While the ball is in the cylinder above the basket or on the basket ring: (a) B1 touches the ball; or (b) A2 touches the ball.
Ruling: Basket interference by B1 causes the ball to become dead and the official shall award team 2 points in (a). In (b) the basket interference by A2 causes the ball to become dead. No basket. The ball is awarded to team B out of bounds at the free throw line extended at either side of the court.

4. **Play:** A1 and B1 simultaneously tap the ball and it enters the basket of team A: (a) before time expires; or (b) after time expires.
Ruling: In (a) it is a legal goal and two points are scored. In (b) the ball becomes dead when time expired because of B1 having touched the tapped ball.

5. **Play:** A1 scores a field goal. B1 takes the ball out of bounds and after running along the baseline while he is attempting to throw the ball in court to a teammate, the five second court expires. Where is A1 awarded the ball for the throw-in at the endline?
Ruling: The ball is awarded to team A for a throw-in at the spot where the B player was standing when the five second count expired. This is a designated throw-in spot.

6. **Play:** A1 tries for a field goal. The ball is just in flight from the hand of A1 when B1 touches or taps ball with fingertips and then time expires. Ball continues and enters the basket of team A.
Ruling: No goal. The try ended when B1 tapped or touched the ball.

7. **Play:** B1 in rebounding at the basket of team A taps ball. While the ball is in flight, time expires and the ball enters the basket of team A.
Ruling: No goal. A tapped ball at the opponent's basket is no different than the player attempting to throw the ball into the opponent's basket which is definitely not a try by definition.

8. **Play:** The throw-in by A1 touches A2 on court and goes directly to B1 who has one foot on the out-of-bounds line.

Ruling: The ball is awarded to team A at the out-of-bounds spot where B1 was standing on the line with one foot when he touched the ball.

9. **Play:** A1 is shooting the second free throw of a two shot foul. While the second attempt is in flight, A2 and B2 slug each other.

Ruling: Both A2 and B2 are expelled from the game. Substitutes A6 and B6 shall each shoot two free throws after which the ball will be put in play with a center jump between any two opponents.

WHEN TEMPERS FLARE, WE ALL GET BURNED

BILL FARNEY
State Athletic Director

As the 1977-78 school year unwinds, the UIL office is receiving an unusual number of cases involving misconduct on the part of the coach in relation to game officials. Most of these cases are from coaches who feel the official has not exercised good judgment in a play or a series of plays.

Tempers flare, curses are uttered, and occasionally, there is contact in the form of shoving or pushing. The fans become involved in the argument and the players, having witnessed their coach demonstrate his opinion of the officials and let the world know how he feels, think they are justified in getting away with illegal acts or unnecessary roughness on the field.

For all practical purposes, the educational aspects of positive note have been lost for the night. Any lessons to be taught in sportsmanship, character or patience have been lost, and in some cases, complete respect for the coach is gone forever.

A Lot Of Nothing

I have been a coach. I have been mad at officials. I have lost my temper. Penalty flags have been thrown to curb my remarks. I have been asked to get back to the bench area. My players shared my fury. All my ranting, raving and emotional outbursts have gotten me a lot—a lot of nothing.

No official has ever changed a decision after my protest. Intimidation for subsequent calls was negligible. In other words, Officials 100, Coach 0. Fans 0. Players 0. Purpose of game and fairplay 0. In simple terms, nobody gains. Everybody loses.

Is It Worth The Risk?

The UIL has an athletic code which states: " . . . It means to accept the decisions of the officials without protest; to see that officials are extended protection and courtesy by the players, school personnel and laymen; to treat your opponents as your guests, and to put clean play and real sportsmanship above victories . . . The important thing in sports is strive to excel and the good feeling it fosters between those who play fair and have no excuse when they lose."

The UIL State Executive Committee investigates every reported violation. They have the power to initiate proceedings against any member school whenever, in the opinion of the committee, there is sufficient evidence at hand to justify such action.

In severe cases, a school could lose a competitive program and many students suffer because of irrational action by a coach or school representative. Is it worth the risk?

Responsibility Shared

Statements such as, "That call cost us the game," or "The officials threw the flag so many times that the kids could not even play," or "The officials took the game away from us," or the oft heard, "The officials let the game get out of hand," add little to the games' intent.

Whenever a coach complains the officials let the game get out of hand, he forgets that he has an equal responsibility with the official. The official cannot serve as a disciplinarian by himself. Blaming an official for a loss does little toward developing positive attitudes in the players' ability to compete.

If an athlete understands that he cannot win anyway because the officials will not let him, how will his effort be affected? If he or his coach is looking for an out or an excuse for the loss, they are not playing in the true spirit of the game which pits skill and strategy against competition, and odds of chance.

Never Compromise Rules

An official should never compromise the rules in any situation. He feels that by doing so he may be a "good ole boy." But coaches who are dedicated to their profession never appreciate an official that can be swayed by intimidation. The spirit of the rules as well as the letter must be strongly enforced.

It is a well-known fact that most fans do not know the more detailed aspects of the rules. Sometimes, those who do know them misinterpret them. Would it not be better to let the officials call the game—win, lose or draw. Then, if the performance of the officials is not up to standards, the coach and the school has the option of never using this official again.

One of the more distasteful practices is that of "scratching a chapter. This practice should be used sparingly and only when it is obvious one team has consistently used a particular chapter whereas the other team has **never** used it.

People Make Mistakes

Schools do not have to endure incompetent officiating. But it is difficult if not impossible to improve an officials' proficiency during the game. More often, his wrath will be incurred and his effectiveness adversely reduced.

To show open displeasure and exchange bitter hatreds does nothing more than add coal to the fire. Something I have observed in my years of coaching is I could be mad as hops at an official. His judgment and character at this time would be unfailingly poor and decrepit.

Then, at a subsequent contest, he would do an outstanding job. This situation is possible only if both coaches and officials will realize that people do make mistakes and nobody should be judged totally on one moment's anger or stupidity.

Sportsmanship Everyone's Job

Proper maintenance of sportsmanship is everyone's responsibility. There is no room for the coach who permits a breakdown in the control he has over his players. There is no room for players who lose their composure because this detracts from their performance.

Officials who do not have the courage to penalize coaches and players for unsportsmanlike conduct need to find something better to do on Friday nights. Without the proper mutual sharing of responsibility by players, coaches, officials, fans and the media, the interscholastic program of athletics cannot long continue to be a positive influence in the lives of our youth.

We, in Texas, have the finest student athletic program of any state in the U.S. or any nation in the world. Let's keep it that way by respecting the rules of the game and the principles of personal self-control.

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Friday, February 3, 1978. The meeting was called to order by President Ray Story at 10:00 A.M., with all Board members, Commissioner Tom Mills, Assistant Commissioners Dianne H. Caines, Louis Stout and Billy V. Wise present. The invocation was given by Jack Burkich.

It was requested that the recorded vote on one motion be corrected in the minutes of the December 17 Board meeting. This motion was that all assigning secretaries do not officiate ball games in the sport they assign. The motion was reported to be carried by eight ayes and one absention. The motion was to be corrected to read "eight ayes and one no." With this correction George Sauer moved, seconded by Joseph McPherson, that the minutes of the December 17, 1977, meeting of the Board be approved. The motion carried unanimously.

President Story introduced Mr. Tom Minter of the Lexington Civic Center to the Board of Control. Mr. Minter then presented his proposal to the Board regarding the site of the 1979 Boys' State Basketball Tournament. He introduced Mayor Jim Amato and the Mayor spoke on behalf of the Lexington Civic Center being selected as the site for the 1979 tournament. After a lengthy discussion Mr. Minter thanked the Board for considering his proposal (A copy of the proposal is on file in the K.H.S.A.A. office.)

A. C. Chapman of the Kentucky Fair and Exposition Center was then introduced to the Board. Mr. Chapman had with him, each speaking on behalf of Mr. Chapman in his request of having the 1979 Boys' State Basketball Tournament at Freedom Hall, Ed Hasenour, Butch Charmoli, Dave Hart and Bruce Brantley. Mr. Chapman read his proposal to the Board for their consideration. (A copy of the proposal is on file in the K.H.S.A.A. office.)

The Board discussed the proposals in detail, considering all the possibilities in regard to a two year decision. Jack Burkich moved, seconded by Norman Passmore, that the Boys' State Basketball Tournament site be the Lexington Civic Center for 1979 and Freedom Hall, Louisville, for 1980. The motion carried by a vote of 7-3.

Mr. Mills gave a reoprt on his meeting with the State Board for Elementary and Secondary Education on January 10. The State Board voted to extend the compliance date on their action pertaining to changes in the Constitution and By-Laws of the K.H.S.A.A. from January 1, 1978, to July 1, 1978. The State Board also asked Mr. Mills to conduct a survey among member schools on the practice of redshirting student athletes. Norman Passmore moved, seconded by Paul Trimble, that Mr. Mills be given permission to conduct this requested survey for the State Department of Education. The motion carried unanimously.

Commissioner Mills presented the Board with proposed rates for increasing the amount of catastrophic insurance provided for students participating in athletics. It was decided that a decision would be made on the proposals at the March meeting of the Board. Mr. Mills then requested the Board for permission to survey the member schools to determine their need for additional insurance coverage. Barney Thweatt moved, seconded by George Sauer, that Commissioner Mills be given permission to conduct this survey. The motion carried unanimously. Mr. Mills will give the results of these surveys at a later meeting.

Mr. Mills suggested to the Board that a Committee be named to study the Constitution and By-Laws for the purpose of submitting proposals to the 1978 Delegate Assembly for their consideration. Zeb Blankenship, Norman Passmore and George Sauer were named to this Committee, with Mr. Blankenship being named Chairman of the Committee. Mr. Mills asked that all of the Board members write in their suggestions for the Committee to consider.

Mr. Mills presented a letter from WKYT-TV with their proposal to telecast the Boys' State Basketball Tournament for 1978. After a lengthy discussion on this matter, Denval Barriger moved, seconded by Norman Passmore, that WKYT-TV be given permission to telecast the final game of the Boys' State Basketball Tournament from Freedom Hall, Louisville, on March 25. The motion carried by a vote of 7-3.

The Board discussed the request of 9th and O Christian School to be changed from basketball District 23 to District 21. It was the decision of the Board that the request could not be approved for the present season but they would consider making the change to become effective during the 1978-79 school year. Requests for change in district assignment are considered at the April meeting of the Board.

The Board then discussed the re-alignment of football Class A, Region IV, District 2. After considering the different recommendations for realignment, Jack Burkich moved, seconded by Denval Barriger, that Class A, Region IV, District 2, be sub-divided as follows: Sub-District 1 — Elkhorn City, Fleming-Neon, Jenkins, Phelps, Virgie. Sub-District 2 — Allen Central, Betsy Layne, Mullins, Paintsville, Wheelwright. The motion carried unanimously.

Assistant Commissioner Louis Stout gave a report on the request of the principal of Owensboro High School to host the State Baseball Tournament for 1978. Upon Mr. Stout's recommendation to the Board for the Owensboro High School to host the baseball tournament, Norman Passmore made a motion, seconded by Denval Barriger, that his recommendation be accepted. The motion carried unanimously.

Joseph McPherson moved, seconded by Glenn Ravenscraft, that all bills of the Association for the month of December be allowed. The motion was carried unanimously.

The next meeting of the Board was scheduled for Friday, March 24, 1978, 9:00 A.M. at Executive Inn East, in Louisville.

There being no further business, the meeting was adjourned.

KAPOS NEWS
STATE TOURNAMENT INFORMATION

Cheerleader and Sponsor Registeration: All cheerleading squads and/or sponsors are asked to stop by the KAPOS table in Freedom Hall to:

1. Register your squad
2. Pick up important information and materials for you and your school.

Along with a KAPOS board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all sponsors and cheerleaders that KAPOS has a Hospitality Room located in Freedom Hall. We cordially invite you to have refreshments, socialize with friends, exchange ideas, and perhaps get help with your problems.

"Sweet Sixteen" Cheerleading Squads: **Attention Principals!** If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleader sponsor. We request that your cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your sponsor's name, must be contained in the letter of conformation which you will receive. This letter must be in the hands of a KAPOS officer prior to the time that your cheerleaders take the floor.

Important! Please be sure that your school is a paid up member of KAPOS in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these awards will be determined by use of the KAPOS Judging Sheet, a copy of which will also be included in the packet sent by the K.H.S.A.A. to the winners of the sixteen regions.

AWARDING OF TROPHIES

KAPOS is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad will receive the Ted Sanford Trophy. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All Tournament cheerleading squads and their sponsors are asked to be located close to the playing floor so they can easily come to the floor should they be called for an award.

GOVERNOR CARROLL DECLARES GOOD SPORTSMANSHIP WEEK

While every week should be Good Sportsmanship Week, KAPOS has always tried to put special emphasis on being a good sport at State Tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Carroll. The Governor's proclamation is on display at the KAPOS table.

NOTE TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel to help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work.

MARION HIGH SCHOOL — STATE CLASS AAAA, REGION II, DISTRICT 1 CHAMPION

However, we have many dedicated women who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seeking your understanding and cooperation should you be asked to release a teacher from her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STATE-AT-LARGE CHAMPIONS

Recognition is now being given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive a trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOS members are eligible to be judged for the honor of representing their district in the KAPOS Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn, the winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the State-At-Large winners will take place at 12:30 P.M., on Thursday, March 23, and at 8:30 A.M., Friday, March 24, in the Atherton High School Gymnasium, 3000 Dundee Road, Louisville. The public is invited to this outstanding event. The admission charge of $1.00 per person will go toward the expenses of the KAPOS scholarship award, details of which are supplied below. We are grateful to the administrators of Atherton for their generosity in opening the doors of their school to us for this competitive event. We trust that they will have no cause to fault our behavior. All cheerleaders and guests will be expected to be remindful that they are guests in the "home" of Atherton High School.

At the conclusion of the judging at Atherton, trophies will be awarded to the top four squads, in addition to several special awards.

STELLA S. GILB SCHOLARSHIP

KAPOS is happy to annually award the Stella S. Gilb Scholarship to an outstanding and well-deserving cheerleader from Kentucky. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 15. Write a KAPOS officer for application forms, or pick them up at the State Tournament KAPOS table.

RULES COVERAGE:

Rule 2, Section 2: Referee designates official scorebook and official scorer.

Rule 2, Section 11: Duties and responsibilities of scorers are indicated. In case of doubt, signal the floor official as soon as conditions permit to verify the official's decision.

Rules Committee **strongly recommends** official scorer wear a **black and white striped garment** and his location at scorers' and timers' table be clearly marked.

RESPONSIBILITY:

Scorer's responsibility is so great that floor officials must establish the closest cooperation and understanding with them. **Scorers must be accurate.**

EQUIPMENT:

BEFORE GAME:

1. Ten minutes before scheduled game time, the scorers shall be supplied with each team's roster and numbers.
2. Ten minutes before scheduled game starting time, the scorers shall be supplied with starting line-up.
3. Notify the referee if either list is not submitted on time or is altered after time specified.
4. If there are discrepancies, notify referee before ball is tossed.

DURING INTERMISSIONS:

1. Either official scorer or a delegated assistant must be at the scorers' table with the official scorebook at all times.
2. Verify the line-up after all intermissions and notify either floor official if a player, who has not reported, has entered the court.

DURING COURSE OF GAME:

1. **Non-official scorers** should check each entry with official scorebook.
2. **Scorers Should:**
   a. Announce to each other and record total running score.
   b. Announce name and number of player who scores.
   c. Verify scoreboard score.
   d. Compare summary of individual scores with total running score at end of half.
   e. Exchange name and number of player committing personal foul and indicate total fouls charged to him.
3. In case of controversy, the record of the official scorebook is accepted unless the referee has knowledge which permits him to rule otherwise.

SCORING: (Use the following recommended symbols):

1. P for personal foul, followed by proper numeral exponent indicating number of personal fouls charged to player as P_1, P_2, etc.
2. T for technical foul.
3. Successful field goal: figure 2.
4. Free throw attempt: O
5. Successful free throw: @
6. 2 free throws awarded: O—O
7. O + O: bonus situation. If 1st attempt is successful, bonus throw awarded.
8. List the number of charged time-outs for each team.
9. Check the scoreboard often and have progressive team totals available at all time. (Points scored in wrong basket are never credited to a player but are credited to team in a footnote. Points awarded for basket interference by defense are credited to thrower. When a live ball goes in basket, last player who touched ball causes it to go there.)

NOTIFY NEAREST OFFICIAL WHEN:

1. The bonus penalty is in effect, and the proper bonus panel (H or V) shall be displayed, immediately after the penalty has been administered for a team's fourth personal foul in a given half (for games played in quarters) or sixth personal foul (for games played in halves). When a team's bonus panel (H for home and V for visitors) is on display, it indicates to the official **that their opponents** shall be entitled to a second free throw for all common fouls (excluding player control fouls) for which the first free throw is successful. Another widely used method is as follows: When a team is to receive a bonus throw a light or arrow nearest its basket is displayed.
2. Any player is charged with his 5th personal foul.
3. Either team has 5 charged time-outs.

Scorer

(Continued from Page Seven)

4. Ball is dead in control of team of offending player if player is discovered who has not reported to scorer or who has changed his number without reporting it, or who is illegally in game.
5. Ball is dead, if there is a score dispute or doubt about an official's decision.
6. Player enters while wearing illegal number.
7. Ball is dead and the clock is stopped or running, if coach requests that a correctable error be prevented or rectified.

SUBSTITUTIONS:

1. A substitution may be made when the ball is dead and time is out. A player who has been withdrawn may not reenter before the next opportunity to substitute after the clock has started following his replacement.
2. A substitute who is entitled and ready to enter must report to the official scorer. However, substitutions between halves shall be made to the official scorer by the substitute(s) or a team representative prior to the signal which ends the intermission.
3. A substitute may enter court only when beckoned and he must do so at once.
4. If status of ball is about to change, the substitution shall be delayed until the next substitution opportunity.
5. If substitute enters and must withdraw before a jump ball or free throw is' administered, he or she may not reenter until next dead ball and time is out.

*6. Substitute may be beckoned after 1st throw of a multiple throw or after any throw for a false double foul or after any successful free throw.

*It is not permissible for a substitute to replace designated jumper, or a free thrower when the free throw is for a personal foul unless such thrower is disqualified, or unless either the jumper or the free thrower is injured. The scorer should not signal after the ball has been placed at the disposal of the free thrower.

Instructions To And Duties Of Timers For Basketball Games

RULES COVERAGE:

Rule 2, Section 2: Instruct the referee to designate the **official timepiece and its operator.** Second timer should assume responsibilities of operating time-out stop watch and checking official timepiece.

Rule 2, Section 12: Duties and responsibilities of timers are indicated. Efficient timer will carefully study these sections and become thoroughly familiar with all their aspects. Timer shall sound a warning signal 15 seconds before the end of an intermission, a charged time-out or a time-out for replacing a disqualified player.

EQUIPMENT:

Electric clock timer and one stopwatch, or a table clock timer and one stopwatch, or two stopwatches. Pistol, large gong, loud siren orelectric air horn.

BEFORE THE GAME:

1. Official timer should ascertain game starting time and suggest that referee and coaches synchronize their watches.
2. Review official signals for time-in time-out, foul and violation.
3. Locate dressing rooms and notify scorers ten minutes prior to starting time.

TIMING REGULATIONS:

1. **Playing time shall be:**
   a. For teams of college age — two halves of 20 minutes each with an intermission of 15 minutes between halves.
   b. For teams of high school age — four quarters of 8 minutes each with intermissions of one minute after the 1st and 3rd quarters and 10 minutes between halves.
   c. For teams younger than in (b) — four quarters of 6 minutes each with intermissions same as for (b).
2. **Overtime Play:**
   a. If score is tied at end of 2nd half, play shall continue without change of baskets for one or more extra periods, with a 1 minute intermission before each.
   b. In games played in halves, the length of each extra period shall be 5 minutes.
   c. In games played in quarters, the length of each extra period shall be 3 minutes.
   d. As many such extra periods as are needed to break the tie shall be played. Game ends, if, at end of any extra period; the score is not tied.
   e. Extra periods are an extension of 2nd half.
3. **A charged time-out** is of 1 minute duration unless team charged with time-out is ready to resume play sooner.
4. **No time-out is charged when:**
   a. A disqualified player is replaced within 1 minute.
   b. An injured player is ready to play immediately or is replaced until at least the next opportunity to substitute after the clock has started following his or her replacement.
   c. Floor official grants a player's request because of displaced eyeglasses or lens.
   d. As in 5-9-(c), a correctable error has been prevented or rectified.
5. **Sounding of scorer's signal** does not cause game timepiece to be stopped in a correctable error situation.

START THE OFFICIAL TIMEPIECE WHEN:

1. A tossed ball is legally tapped if play is resumed by a jump.
2. Ball touches a player in court during a throw-in (if clock has been stopped).
3. Official signals "time-in" (but if he or she neglects to do so, official timepiece should be started unless an official specifically signals that it should not be started).
4. The ball touches or is touched by a player on the court provided the ball is to remain alive if the free throw is missed. (In these cases, the official will give the time-in signal, but if he or she neglects to do so, the official timepiece should be started when it is apparent the ball touches a player and is to remain alive.)

STOP THE OFFICIAL TIMEPIECE WHEN:

1. Any **period ends.**
2. An official **gives a time-out signal.** The official will order time-out when:
   a. **Foul is called** by holding hand with fingers closed at arm's length above head.
   b. **Jump ball is declared** by giving the jump ball signal (holding thumbs up at shoulder height away from body and motioning upward with both arms extended).
   c. **Violation occurs** by giving the time-out signal (holding hand with fingers extended at arm's length above head) after which he or she gives proper violation signal.
   d. **There is to be a charged time-out,** or an official's time-out for a technical foul, or

other stoppage indicated by a floor official who holds hand at arm's length above head with fingers extended.

NEAR THE END OF THE PERIOD:

1. If a watch is being used as the official time piece, place it so both timers may see it and the ball. Watch must be stopped the instant signal ending game is sounded.
2. When a timing device other than a watch is the official timepiece, timers must coordinate their efforts in determining the position of the ball when time expires.
3. Some timers, in order to avoid misunderstanding concerning position of the ball when time expires, have one timer watch the official timepiece and count aloud 10 - 9 - 8 - 7, etc., while other timer watches the ball and notes its position at the exact moment time expires.
4. If a period ends and:
   a. **The timer has been unable** to make an official hear the signal, the timer must go on the court immediately and notify the official.
   b. **The timing signal fails** or is not heard by an official, timer must be prepared to advise official as to whether ball was in flight when time expired, or whether a foul occurred before or after the period had ended.
   c. **Timing signal is not heard** by official, testimony of timers may determine whether a score shall count or a foul shall be charged, unless the referee has information which would alter the situation.

1977-78 BASKETBALL EARLY SEASON QUESTIONS

INSTALLMENT II

EDITOR'S NOTE: These interpretations of the rules of the National Basketball Committee of the United States and Canada do not set aside nor modify any rule. The rulings are approved and apply to the situations for which they are given.

BRICE B. DURBIN,
National Federation Publications

PUBLICATION CORRECTION — INSTALLMENT I

Play Situation 9 and its ruling should be revised as follows:

9. **Play:** A1 is attempting the second free throw of a two shot foul. While the second free throw is in flight, A2 and B2 slug each other simultaneously.

Ruling: Both A2 and B2 are expelled from the game. No free throws are awarded. The ball is put in play with a jump ball in the center circle between any two opponents.

10. **Comment:** A legal goal is made by a live ball entering the basket from above and remaining in or passing through the basket. For certain violations, points are awarded so that the net result is the same as if a legal goal had been scored. For a field goal, a legal goal is counted for the team in whose basket the ball falls, regardless of which team put the ball there. For a free throw, it is assumed that the try will always be made at the right basket but, if a free throw should be thrown in the wrong basket, it counts for the thrower unless cancelled for a substitute throw at the correct basket. (5-1: 5-2)

11. **Play:** A pass or a try for field goal by A1 comes down several feet in front of the basket. The ball strikes the floor without touching any player and bounces into the basket. Are two points counted for A: (a) if not complicated by expiration of time for a period or by a foul occuring while the ball is in flight; or (b) if time expires while the ball is in flight or a foul occurs while the ball is in flight?

Ruling: In (a) two points are scored. The try for field goal by A1 ends when the ball touches the floor but a field goal is sometimes scored when, technically, it is not the result of a try. Despite this, the points count for the proper team. In the case cited, it is customary to credit the two points to A1. In (b) neither the expiration of time nor a foul causes the ball to become dead immediately provided it is a try for a field goal. A pass is not a try for goal, hence the dead ball would be delayed until the try ends. By definition, the try ends when the ball touches the floor. Hence, no points are scored in the situation outlined in (b). (5-1)

12. **Play:** How should the 2nd quarter be started if a foul occurs simultaneously with the ending of the 1st quarter?

Ruling: There is nothing which makes the foul and the expiration of time happen exactly at the same moment. A contact foul is seldom, if ever, instantaneous such as the ending of a period. The official is expected to decide whether it occurred before or after the expiration of time. In case of doubt, the official will probably see the foul as part of the 1st period. (5-6)

13. **Play:** A time-out is taken for injured A1: (a) A2 remains in the game; or (b) during the time-out the coach is beckoned by the official to come onto the floor to examine A1 who remains in the game; or (c) during the time-out the coach is beckoned onto the court by the official to examine A1, who is replaced.

Ruling: In both (a) and (b) team A is charged with a time-out for each minute or fraction thereof. In (c) there is no charged time-out. (5-9)

14. **Play:** On throw-in by A1 from A's end of court, ball passes over backboard so it cuts the plane formed by the backboard sides extended upward.

Ruling: Legal if court is equipped with fan-shaped backboard. If rectangular backboard is being used, ball remains dead and is awarded to B at spot of throw-in. The rules provide that the thrower-in is never required to make the throw-in from directly behind the backboard. (7-1; 6-7)

15. **Play:** A1, while dribbling, touches: (a) B1 who is standing on a sideline; or (b) a nearby chair or scorers' table while his or her feet are inbounds.

Ruling: (a) A1 is inbounds. However, if the ball in control of A1 touches B1, ball is out of bounds and, hence, ball is considered to have gone out of bounds. (7-1)

16. **Play:** Team A is in control in back court for seven seconds. A1 throws the ball toward A2 in front court. B1 jumps from front court and while in the air bats the ball back to A1 in his back court. Does this give Team A ten more seconds to get the ball to front court?

Ruling: Yes, a new count is initiated because B1 by interpretation has front court status when touching the ball. (9-8)

17. **Play:** While the ball is touching the ring of the basket on a field goal attempt, a player grasps the ring.

Ruling: This is a double infraction. It is both basket interference and a technical foul. The moment the hand touched the ring, it was basket interference. When the player grasped the ring, a technical foul occurred. (9-11: 10-4f)

18. **Play:** A1 picks up a loose ball and passes the ball directly to A2 standing under the opponent's basket. The ball touches the fingers of A2 and bounces up through the net and while the ball is: (a) entirely above ring level it comes to rest on basket flange plate.

Ruling: The ball is awarded to team B at nearest out of bounds spot. The violation by A2 preceded the ball coming at rest on the flange plate at the basket of team B. (9-11)

19. **Play:** The ball enters the basket during a field goal try by A1. Before the ball is in flight for the try. A1 is fouled. A2 touches the rim while the ball is in the basket.

Ruling: Two free throws for A1, since no points were scored as a result of the try for a field goal. (9-11: 10-10)

20. **Play:** During a try by A1, ball is bouncing above ring when B1 touches (no grasp) net or ring.

Ruling: Not a violation unless ball is in or on basket. (9-11)

21. **Play:** A1, while controlling the ball, leaps for a lay-up attempt. A small portion of the ball touches the imaginary cylinder above the basket ring before it is released and scores.

Ruling: Legal goal. (9-11)

22. **Play:** During try for field goal by A1, B1 contacts A1. The throwing motion is continued and, while ball is circling the ring. B1 bats it off ring.

Ruling: Both the personal foul and the violation for basket interference should be penalized. Two points should be credited to A1 after which one free throw should be awarded him or her. (9-11; 6-7 Ex.)

23. **Play:** A1 throws the ball down into the basket from above but from outside of the imaginary cylinder. His or her hand loses contact with the ball before it (the ball) enters the cylinder. However, on the follow-through the hand enters the cylinder and again contacted the ball.

Ruling: Violation. It is not a violation for a player to have a hand within the imaginary cylinder above the basket provided it is not touching the ball. Rule 9-11 does permit a player to carry the ball into the imaginary cylinder above the ring or place the ball into the basket itself. It is a violation, however, when a player touches the ball or the basket when the ball is in or on the basket, or to touch the ball while any portion of the ball is touching the imaginary cylinder directly above the basket and the player did not carry the ball into cylinder or basket. (9-11)

24. **Play:** Ball is in flight during a field goal try by A1 when time for a quarter expires. Following the expiration of time and while the ball is rolling on the ring, B1 taps it into the basket.

Ruling: Violation by B1. The ball was alive until touched by B1 when it became dead. Consequently, the field goal does not count. However, the action by B1 is basket interference. Two points are awarded to A1 because of the interference.

1978 FOOTBALL RULES CHANGES

Nineteen changes in football rules for the 1978 season were adopted by the National Alliance Rules Committee at its annual meeting earlier this month in Los Angeles.

These are the changes and, where appropriate, discussion of the change:

Rule 1-2-3 — Delete first two sentences and replace with: "Lines shall be marked with a noncaustic material."

The former wording in place of "noncaustic material" was "not injurious to the eyes" but since even dirt can be "injurious to the eyes," the new wordage relating to "noncaustic" will be used.

Rule 1-5-3 — Add following: Each State Association may authorize the use of artificial limbs which in their opinion are no more dangerous to players than the corresponding human limb and do not place an opponent at a disadvantage."

This is a ratification of the change announced earlier in the year.

Rule 2-18-3 — New article: Define that a defensive player is on the line of scrimmage when he is within one yard of his line of scrimmage.

This change will help officials to determine when an offensive player can block a player and carry his block on into the neutral zone expanded. This has meaning on pass plays.

Rule 2-28 — Add to third sentence: ". . . of the snapper and touches a back or the ground before it touches a lineman."

Rule 3-2-1 — Insert as first sentence: "The game officials shall assume authority for the contest 30 minutes prior to the scheduled game time."

Rule 3-3-3 — Revise last sentence to read: "If there is an unsportsmanlike foul by the offense during the last down of either half, the penalty shall be administered on the succeeding kickoff or at the succeeding spot if in overtime."

This eliminates a loophole which made it possible for a team to get in a "cheap shot" on the last play of a game without being penalized in the overtime if one were needed.

Rule 3-3-4 — Permit the extension of a period if there is a foul by the kicking team during a free or scrimmage kick (during the last timed down regardless of whether the penalty is accepted or declined).

Rule 4-2-2 — Insert after "crossbar" in (c): ". . . or an R player in the end zone and caroms . . ."

Until now, if a defensive player standing in the end zone tipped a field goal or extra point before it went across the uprights, it did not count. Now it will count. The reason it did not count in the past was because of the rule which indicated any time a kicked ball touched anything in or over the end zone it was dead.

Rule 5-1-2 — Replace "during a loose ball" with "before the kick has ended."

Rule 5-2-3 — Add to Article 3 Fundamental No. 7 on Page 64 of the rulebook.

Rule 6-1-4 — Rewrite as follows: "If at least five R players are not within five yards of their free-kick line after the ball is declared ready-for-play and until it is kicked, it is a free-kick infraction."

Rule 6-1-4 Penalty — Rewrite as follows: For encroachment (Art. 2 and Art. 3) — (S24 and S1) or free-kick infraction (Art. 4) — (S24 and S2).

Rule 6-1-8 — Recommended to the Manual Committee that Signal No. 15 be adopted to indicate when any free-kick goes out-of-bounds between the goal lines untouched or last touched by K.

This change is to be able to relay to the coaches and fans the reason the ball is being put in play at the 40 yard line after a kick goes out-of-bounds.

Rule 6-2-3 and 4 — Insert the word "expanded" after "neutral zone."

Rule 6-5-6 — New article: No receiver shall make an invalid fair catch signal. Penalty for invalid fair catch signal five yards (S-30). A new signal for No. 30 has been suggested under the Manual Committee. Note: Delete invalid fair catch signal from list of personal fouls under 9-3-2 (f).

This is probably the most significant change of the year. The change reduces the penalty for an invalid fair catch from 15 to five yards. Since this penalty is enforced from the previous spot, the five yard penalty is less likely to give the kicking team a first down, thereby reducing the severity of the penalty associated with giving an invalid fair catch signal. The questionnaire results this year revealed that in Wisconsin as well as nation-wide coaches overwhelmingly favored a change which would reduce the penalty associated with an invalid fair catch signal.

Rule 7-2-6 — Add to Article 6: A scrimmage down must start with a legal snap. An illegal snap causes the ball to remain dead.

Rule 9-3-4 — Add new item: (d) When contact is caused by R's being blocked into the kicker.

Rule 9-3-4 Penalty — Roughing the kicker be amended to carry the additional penalty of an automatic first down.

This is probably another significant change. The automatic first down should discourage reckless attempts to block the kick. In particular, this is true when the kicking team has more than 15 yards to go for first down. It was under this kind of circumstance that defensive teams would be less concerned about roughing the kicker since they know that the penalty would not give them the first down and they would still have to punt on the replayed down.

Page 83 Overtime — Add to Paragraph No. 1: All game rules will apply except: (a) The line-to-gain shall always be the goal line; (b) no try will be made if the winner of the game has been determined; (c) if the defensive team scores, the game is ended; (d) if a safety is scored, the succeeding spot will be the 10-yard line in possession of the team scored upon, provided they have not already had their series, and (e) no free kick privileges are awarded following a fair catch or an awarded fair catch.

1978 INTERSCHOLASTIC BASEBALL RULES REVISIONS

1-1-5: When an umpire witnesses a runner (including the batter-runner) deliberately remove his head protector during playing action, the violator shall be declared out immediately, unless the ball becomes dead without being touched by a fielder, or unless the head protector is removed after the ball becomes dead following its touching by a fielder.

1-2-1: The distance from home plate to the nearest obstruction on fair ground should be at least 300 ft. down the foul lines and at least 350 ft. to center field. It is recommended that the line from home base through the pitcher's plate to second base should run east-northeast.

1-3-5: The baseball bat shall be a smooth cylinder with either a knob or with a handle end tapered to prevent slippage. It is mandatory that the knobs on aluminum or magnesium bats be securely fastened. The aluminum or magnesium bats must have a sound deadening material inside. The bat may be roughened or wound with tape or twine not more than 18 inches from the handle end of the bat.

2-5-3: It is umpire interference when he inadvertently moves so as to hinder a catcher's attempt to throw out a runner or when a fair ball touches an umpire, as in Rule 5-1-1e.

2-12-4: For a given runner a force play ends as soon as the runner touches the next base, or a following runner is put out at a previous base.

2-14: SPEED-UP RULES: If a state association wishes to experiment with "speed-up" rules, it must indicate to the National Federation the details of its experiment, gain permission from the National Federation to do so, and then submit a report of the success or failure of its experiment following the season.

3-1-1 Penalty: For an illegal substitution, said substitute will be disqualified for the duration of the game. If the illegal substitution is discovered by the defense, or an umpire, the batting out of order rule also will apply when the substitute appears at bat illegally.

3-1-3: Any of the starting players may withdraw and re-enter once, including the designated hitter, provided such player occupies the same batting position whenever he is in the line up.

3-1-4: If the pinch hitter, or pinch runner, for the designated hitter is used, the role of the designated hitter is terminated for the duration of the game. The designated hitter may re-enter as any player under the re-entry rule. A starting player for whom the designated hitter bats may pinch hit or pinch run for the designated hitter, but if this happens, it shall terminate the designated hitter role for the remainder of the game. The designated hitter may be used defensively, but must continue to bat in the same position in the batting order as determined prior to the game. Once a designated hitter assumes a defensive position, this move shall terminate the designated hitter role for the remainder of the game. A designated hitter is "locked" into the batting order. No multiple substitutions may be made which will alter the batting rotation of the designated hitter.

3-3-1: A coach, player, substitute, attendant or other bench personnel, shall not: e. use amplifiers or bull horns on the bench or on the field during the course of the game.: or g. have any object in his possession in the coach's box other than a score book which shall be used for score keeping purposes only; or h. be outside the vicinity of the designated dug out (bench) or bull pen area if not a batter, runner, on-deck batter, in the coacher's box or one of the nine players on defense.

4-2-4 NOTE: By state association adoption, any game terminated by artificial light failure or an automatic sprinkler system shall be played at a later date as a suspended game, unless agreed otherwise by the two teams concerned.

6-1-1: When the pitcher takes his sign and his feet are in the set position stance, the ball shall be in either the gloved hand or his pitching hand. His pitching hand shall be down at his side or behind his back.

6-1-3 Penalty: For an illegal pitch — (a) if there is no runner, a ball is called on the batter.

6-2-1-f: It is an illegal act to bring the pitching hand in contact with the mouth without distinctly wiping off the pitching hand before it touches the ball. For so defacing the ball, the penalty 2-6-2-1-f is that the pitcher may be removed from the game. If such defaced ball is pitched, it is an illegal pitch with penalty as provided for in 6-1.

6-2-2-c: With bases unoccupied, failure to pitch within 20 seconds after there has been a reasonable time for the pitcher to receive the ball after the last pitch, a ball shall be called.

8-3-2: When a runner is obstructed while advancing or returning to a base by a fielder who neither has the ball nor is attempting to field a batted ball, or while advancing only, a fielder without the ball fakes a tag, the umpire shall award the obstructed runner and each other runner affected by the obstruction the bases they would have, in his opinion, reached had there been no obstruction.

8-4-1-h: The batter-runner is out when he deliberately removes his head protector during playing action unless the ball becomes dead without being touched by any fielder or unless the head protector is removed after the ball becomes dead following its touching by a fielder. When a runner is declared out for removing his head protector, he is called out immediately.

8-4-2-b: Any runner is out when he intentionally interferes with a throw or a thrown ball; or he hinders a fielder who is attempting to field a batted ball; or his being put out is prevented by an illegal act by anyone connected with the team as in 2-5-3, 3-2-2 and 3, or by the batter-runner.

NATIONAL FEDERATION HIGH SCHOOL CHAMPIONSHIPS

The Executive Committee of the National Federation of State High School Associations met on January 31 and February 1, 1978, and devoted considerable time to the discussion and review of a plan for National High School Championships as directed and authorized by the National Council at its meeting in Los Angeles on January 1, 1978. After considerable deliberation, the Executive Committee voted the following recommendations shall be sent to each state association for consideration with the final review to be considered by the National Federation Council at its meeting scheduled to be held in Salt Lake City, Utah in July of 1978:

The Recommendations of the Executive Committee are based on these objectives of National Federation sponsorship of national high school competitions:

1) To promote and showcase high school athletics and activities programs in order to maintain their place in the view of the public which must support these programs if they are to continue to be available to schools as vehicles for educating boys and girls.
2) To promote state high school associations and the National Federation in order to maintain the position of these organizations as the recognized authorities for and representatives of interscholastic activities programs in the United States.
3) To provide opportunities for gifted students to realize their full potential in competitive programs under the supervision of educational institutions and organizations and within the highest standards of eligibility, safety and sportsmanship.
4) To contribute to the overall sports program of the United States, including the Olympic effort.

It is recommended that three sports, golf, tennis, and track and field, be included in the program of National Federation High School Championships, held at one site in the Central United States, third week in June, beginning in 1979.

Separate competitions for boys and girls would be conducted in each sport. To be eligible, a participant shall have competed in his or her state championship and be eligible under provisions of his or her state association regulations.

Participation by states would be optional and be determined by each state association. In golf, each state association would be invited to approve one boy and one girl for national competition. In tennis, each state association would be invited to have a singles and doubles (no mixed doubles) entry for each sex. In track and field, each state association desiring to enter athletes would be entitled to certify one boy and one girl in each event provided minimum standards have been met.

Expenses of participants would be reimbursed to the greatest degree possible; and, at this time, it appears all transportation, food and lodging expenses would be paid for all participants through gate receipts, sponsor fees, and television receipts.

Every effort would be made to promote the **total** activities program and its educational value through the three national championships proposed by the Executive Committee. For example, the headquarters staff is attempting to have the television network which purchases the rights to

televise portions of the national events agree to provide time for promotional messages on high school activities in general. Those companies which are seeking the privilege of becoming sponsors of the national events are being asked to agree to sponsor a highlight film and a film on the value of athletics as well as other projects which can be used to promote high school activities programs year-round and on the local and state levels as well as the national level.

Those who attend the national championships will, if the membership approves of this plan, have the opportunity to attend such activities as coaches clinics, participants' banquets and tours of local attractions, all of which would be intended to assure the experience is educational and fondly remembered.

Mr. Mills presented a written request from Prin. George Morrison, Eastern High School, asking the Board to waive By-Law 5, Section 4, in regard to Cliff Mason. After hearing the information on the case, George Sauer made the motion, seconded by Barney Thweatt, that By-Law 5, Section 4, be upheld. The motion carried unanimously.

The Commissioner reported the results of the recent balloting for Board membership for Sections 3 and 4. Principal D. J. Ramsey, Jesse Stuart High School, was elected in Section 3, without opposition. In Section 4 the votes were as follows: J. D. Minnehan, Principal of Oldham County High School, 22; Katie Easom, Principal of Carroll County High School, 10; Carl Webster, Principal of Grant County High School, 6.

Mr. Mills reported that the 1978 General Assembly of the Kentucky Legislature adopted Senate Bill No. 60 which states that the State Board for Elementary and Secondary Education shall have the management and control of the common schools, including interscholastic athletics. The Board may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations and by-laws of any organization or agency so designated shall be approved by the Board, and provided further that the Board shall adopt regulations providing for the appeal to the Board of any decisions made by the designated managing organization or agency.

There was a discussion of proposals to be submitted by the Board of Control and the State Board for Elementary and Secondary Education at the forthcoming 1978 Delegate Assembly. A list of these proposals appear elsewhere in this issue of the ATHLETE and copies have been sent to all member schools. Glen Ravenscraft moved, seconded by Zeb Blankenship, that these proposals be submitted to the Delegate Assembly. The motion passed unanimously.

Mr. Mills made a report on the Girls' Basketball Tournament. He informed the Board that there would be a more detailed report on the Girls' and Boys' Basketball Tournaments during the April meeting. After discussing the available sites for the Girls' Basketball Tournament for next year, George Sauer moved, seconded by Norman Passmore, that the Board wait until the April meeting to decide the site for the girls' tournament. The motion carried unanimously.

Mr. Mills reported the results of the recent survey taken to determine to what extent the practice of redshirting of students for athletic purposes is being permitted at the elementary school level. One hundred and sixty-one superintendents responded to the questionnaire with the following results: 41 school systems permit redshirting for athletic purposes; 120 stated that redshirting was not permitted in their schools. One hundred eight superintendents stated that they were in favor of a rule either by the K.H.S.A.A. or the State Board for Elementary and Secondary Education to prohibit this practice, 53 stated that they were opposed to this; 73 superintendents were in favor of extending the present eight semester eligibility rule (grades 9-12) to twelve semesters to include grades 7-12. Eighty-eight superintendents were opposed to the extension of this rule. Sixty-four superintendents stated that they were in favor of grades 7-8 and/or middle schools being eligible for membership in the K.H.S.A.A. while 97 stated that they were not in favor of this.

Mr. Mills discussed the request of Director David P. Graham, Calvary Christian School, Covington, for special consideration on the eligibility of athletes who may choose to transfer to his school. It was the decision of the Board that students transferring under the conditions presented would be subject to By-Law 6, Section 1, Transfer Rule. Calvary Christian School has applied for membership in the Kentucky High School Athletic Association.

In Memoriam

James Ward Rees

James Ward Rees (1899-1978), known as "Cap" to his many friends and former students during 50 years association with Millersburg Military Institute, passed away in a Lexington hospital. March 8, 1978.

"Cap" coached football, basketball, baseball and track in addition to being athletic director and science teacher at the Bourbon County school.

His finest hour came in March 1927 when the Cadets defeated London to capture the state high school basketball championship. Two other occasions his teams advanced to the "Sweet 16" only to lose in the first round.

Captain Rees was married to the late Virginia Dare Womack and is survived by one son, James Ward Rees, Jr., Owensboro, and three grandchildren.

Rees served in the United States Navy during World War I and graduated in 1919 from Kentucky Wesleyan college. That fall he started his long career at MMI. After retirement from the Millersburg school he returned to his native Mason County to reside on a farm with the late Wood Rees, a brother and two sisters, Betty and Dorothy Rees.

Services were held in the Millersburg Methodist Church, where he taught a Sunday School class for many years. Burial was in Shannon cemetery, a small Mason County community.

April 6, 1978

Dear Principal:

At the April 15, 1977 meeting, the K.H.S.A.A. Board of Control voted to continue to provide catastrophe injury insurance for all high school athletes for 1977-78.

Briefly stated, the K.H.S.A.A. catastrophe plan contains the following provisions:

1. $1,000 deductible clause;
2. Up to $25,000 in medical benefits per injury (after the deductible has been satisfied and after the benefits from all other insurance has been considered);
3. Coverage for students engaging in, practicing for, or traveling to or from, all activities under the jurisdiction of the K.H.S.A.A. and tre direct supervision of a school employee;
4. Coverage for all registered officials of the K.H.S.A.A., while officiating, or traveling to or from the game they are to officiate;
5. Coverage for medical expense incurred within two years following the date of injury;
6. The deductible is eliminated for injuries sustained during a state series of tournaments or meets.

The plan is underwritten by Sentry Life Insurance Company and is administered by Doug Ruedlinger, Inc. If you desire additional information, we suggest you write our catastrophe insurance consultant, Mr. John Joy, P.O. Box 3194, Johnson City, Tenn., or call him, 615-928-7381.

Several plans are available to supplement the K.H.S.A.A. catastrophe program. The K.H.S.A.A. Board of Control does not sponsor, recommend, or require any school system to purchase or make available any type of athletic insurance within their school district.

Sincerely,

Tom Mills
Commissioner

THE LIFELINE GYM AND EXERCISE PROGRAM

Now **Lifeline** has developed the Lifeline Gym and Exercise program, the perfect compliment to the Lifeline Jump Rope Program. Perhaps the most incredible physical fitness unit ever invented . . . incredible for both its simplicity and its effectiveness. Any exercise you can do in an expensive Gym can be done with the Lifeline Gym and done e greet deal faster.

To shape and beautify the body effectively and in the least amount of time, nothing compares with the Lifeline Gym. You'll love it as the people who use it have.

The Lifeline Gym is inexpensive but can do what expensive exercise equipment can, and more.

To name e few:

1. Increase or decrease resistance in 2 or 3 seconds by 100's of pounds. Reducing substantially the time needed to complete your Exercise Program.
2. It's portable. Take the Gym on trips since it only weighs 1½ pounds. Makes any room a complete Gymnasium.
3. Both concentric and eccentric contraction are achieved.—Permitting a more complete training effect.
4. Employs the principle of isokinetic (uniform resistance throughout the full range of motion). With the Lifeline Gym, resistance is continually increased as you move and turn the lifting bar, compensating for the increased leverage advantage. On the return to the starting position the reverse is true. (This is not true with conventional weights or pulleys.)
5. Muscle soreness is almost completely eliminated.
6. Subcutaneous fat is cut faster than with pure isometric or isotonic exercises.
7. The work gain, is worth twice the value of the effort.
8. Gives you useable dynamic strength.

MINUTES OF BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. office on Thursday afternoon, April 20, 1978. The meeting was called to order by Vice-President Norman Passmore at 2:00 P.M. with Board members Denval Barriger, Zeb Blankenship, Jack Burkich, Joseph McPherson, Glendon Ravenscraft, George Sauer, Barney Thweatt, Paul Trimble; Commissioner Tom Mills, Assistant Commissioners Dianne Caines, Louis Stout and Billy V. Wise present. Conley Manning and Darrell Wells were present representing the State Department of Education and the State School Boards Association, respectively. The invocation was given by Jack Burkich.

Joseph McPherson moved, seconded by George Sauer, that the minutes of the March meeting be approved. The motion passed unanimously.

Coach Bob Watson appeared before the Board to present additional material in the eligibility case of Cully Nelson. Coach Watson asked the Board to reconsider their decision and waive By-Law 5, Section 4, and By-Law 5, Section 1, to permit Cully to participate in athletics during the second semester of the 1978-79 school year at Owensboro High School. After much deliberation, Paul Trimble moved, seconded by Barney Thweatt, that Coach Watson's request that Cully Nelson be declared eligible to participate in athletics at Owensboro High School during the second semester of the 1978-79 school year be denied. The motion carried by a vote of 6-2.

Assistant Commissioner Billy Wise reported the attendance at the Boys' State Basketball Tournament at approximately 84,000 as compared to 75,000 in 1977. The gross receipts from the boys tournament was approximately $308,296.20, with expenses of $91,078.71.

The Girls' State Basketball Tournament had an attendance of approximately 25,370 and gross receipts of approximately $77,243. A complete audit of both the boys' and girls' tournaments will appear in the August issue of the ATHLETE.

Mr. Mills recommended to the Board that the sixteen teams participating in the Girls' State Basketball Tournament be granted $200 for miscellaneous expenses. Glen Ravenscraft moved, seconded by Denval Barriger, that the girls' participating teams be granted the $200. The motion carried unanimously.

Commissioner Mills presented to the Board three requests he had received to host the Girls' State Basketball Tournament for 1979. These three sites were: Eastern Kentucky University, Richmond; Louisville Gardens, Louisville; University of Kentucky, Lexington. After a lengthy discussion, Zeb Blankenship moved, seconded by Paul Trimble, that the site for the 1979 Girls' State Basketball Tournament be placed at Eastern Kentucky University, Richmond, and that the Board consider other sites for the 1980 Girls' Tournament. The motion passed 6-2, with Joe McPherson and George Sauer voting no.

George Sauer gave a detailed report on the expense of meals and lodging of the sixteen teams in each of the state basketball tournaments. In an effort to hold down the increased expenses of the two tournaments and to enable the Board to increase expense allowance for all participating schools, George Sauer moved, seconded by Denval Barriger, that the Kentucky High School Athletic Association only pay lodging through the night following the day a team is eliminated plus breakfast the next morning, and that the expense allowance for the remaining teams be increased. The motion carried unanimously.

GAME GUY AWARD

Scott Scheynost

The Game Guy Trophy is annually awarded to the one athlete in the State of Kentucky who has overcome a physical handicap and participated in high school athletics. Scott Scheynost was the unanimous choice of the K.H.S.A.A. for the 1978 award.

During the fall of 1976, Scott contracted Hodgkins Disease. After the diagnosis, he began treatment which included extensive chemotherapy. Throughout the period of hospitalization, treatment and recovery, he maintained a grade average of 3.0. Scott participated on the football and wrestling team during the 1977-78 school year. He started and played offensive guard and part-time defense for the football team and participated in every wrestling match.

In nominating Scott for the award, Jessie Stuart High School's Principal, D. J. Ramsey stated: "I want to emphasize what this young man has been through, the determination and physical/moral courage he has shown to overcome this "obstacle." He has and does shun sympathy and publicity. He is what all of us would like to be. He has been and continues to be an inspiration."

Scott was also nominated by The Flying Dutchman Charlie Vettiner who stated: "When the last chapter is written in the 'Book of Courage,' Scott Scheynost must be hailed as a giant among the courageous."

Commissioner Mills read a letter received from Ronald E. Waldridge, M.D., Chairman of the Kentucky Medical Association Committee on School Health, Physical Education and Medical Aspects of Sports. The letter was seeking the support of the Board of Control of the K.H.S.A.A. for the endorsement of the certification of all public high school coaches in the medical aspects of sports, and to have at least one qualified trainer for all sports in every school. The Board discussed the contents of the letter at length but made no commitment to the program.

Assistant Commissioner Billy Wise gave a report on the rules and regulations governing golf tournaments for boys and girls. Following his report, Denval Barriger moved, seconded by Barney Thweatt, that the boys' individual golf tournament be eliminated beginning with the 1979 season, and that the boys' and girls' continue with a state team tournament with an individual medalist. The motion carried unanimously.

The Board discussed the financial burden being placed on the member schools when runner-ups from the regional track meets qualify for the state meet. After a lengthy discussion, Zeb Blankenship made a motion, seconded by Joseph McPherson, that beginning with the 1979 season the runner-up in the regional track meets be eliminated from going to the state meets. The motion carried unanimously.

Zeb Blankenship reported that he has been contacted by Ath. Dir. Andy Hopkins, Fayette County Schools, and asked if the Board members would consider putting soccer back into the K.H.S.A.A. program. Mr. Mills was instructed to survey member schools now participating in soccer to determine whether it should be a fall or spring sport. A decision will be made following the receipt of this information.

The date for the next meeting of the Board was scheduled for Friday, July 28, 1978, 10:00 A.M., at Kenlake.

Glen Ravenscraft moved, seconded by Zeb Blankenship, that the fall meeting be held on October 7, at the K.H.S.A.A. Building, Lexington. The motion carried unanimously.

George Sauer moved, seconded by Barney Thweatt, that all bills of the Association for the period beginning March 1, 1978, and ending March 31, 1978, be allowed. The motion was carried unanimously.

There being no further business, the meeting was adjourned.

1977-78 ANNUAL REPORT

(Presented to Delegate Assembly)

Three hundred thirteen schools joined the Association for the 1977-78 school year. Twelve of these schools enroll girls only and ten have only boys. In 1976-77 there were 312 schools, in 1975-76 there were 313, in 1974-75 there were 315 and 329 in 1973-74.

There were 200 schools involved in football. The Classes A, AA and AAA championship games were played at Eastern Kentucky University, Richmond, and Class AAAA was played at the Fairgrounds, Louisville. Attendance was approximately 12,657 and gross receipts were $46,266.00. Expenses involved in conducting the state football playoffs were $23,122.75. Interest and attendance at the regional and semi-final games continued to increase resulting in greater revenue for the schools involved.

In Cross Country 153 boys' teams entered twenty-two regional meets. One hundred twenty-nine girls' teams entered all three Classes in sixteen regions. The expenses incurred in sponoring this sport were $7,424.33. The Class AAA Meet was held at Shawnee Park, Louisville, and the Classes AA and A were held in Lexington at the University of Kentucky.

The Wrestling program is going forward at a rapid pace. There were sixty-eight schools in the eight regions with the winner and runner-up in each weight class advancing to the finals. The championship tournament was held at Atherton High School. The receipts from the meet amounted to $6,125.50 while the expenses to date are $7,428.87.

In Classes AAA and AA Swimming, forty-two girls' teams and forty-six boys' teams competed for the championships. They were held at Plantation Swim Club, Louisville, on February 17-18 and February 24-25 respectively. The receipts were $1,123.50 and the expenses were $8,690.08.

There were sixteen schools with boys' Gymnastics teams and twenty-seven with girls. There were two girls' regional meets held at Henry Clay High School and Southern High School, but there was not sufficient number of boys' teams to justify a regional. The state meets were at Eastern Kentucky University, Richmond, on February 18. The receipts were $142.00 and the expenses were $1,798.58.

The approximate gross receipts from the boys' and girls' district basketball tournaments were $405,788.75 while the regional tournaments took in $369,562.70 for a total of $775,351.45. Attendance at the Boys' State Tournament was approximately 84,000 as compared to 75,000 for last year. The gross receipts this year for the tournament is estimated at $308,296.20. A complete audit will appear in the August issue of the "ATHLETE."

Attendance at the Girls' State Basketball Tournament was 25,000. The gross receipts amounted to $77,243.39 with expenditures of approximately $42,072.06. A complete report will appear in the audit.

There were twelve co-ed teams competing in the State Rifle Marksmanship Meet in Louisville. Expenses incurred were $305.40.

Approximately eleven teams are expected to compete in the State Fencing Meet on April 22, 1978, at Atherton High School, Louisville.

In the other sports that are to follow 265 baseball teams will compete in fifty-nine districts and sixteen regions; 231 girls, and 234 boys' track teams will compete in twenty regions each; 101 girls' golf teams and 192 boys' teams will play in nineteen regions; 139 girls' tennis teams and 149 boys' teams will play in ten regions. State Championship meets will be held in baseball at Owensboro; the Class AAA track in Louisville and the Class A and AA at the University of Kentucky, Lexington; the girls' golf at Glasgow Country Club, Glasgow; the boys' golf at the Anderson Golf Course, Fort Knox; the tennis at the University of Kentucky, Lexington.

Registering with the officials' Division of the Association were 1,474 basketball officials, 701 football, 455 baseball at the present time and 57 wrestling. Assistant Commissioner Billy V. Wise conducted twelve clinics in football and seventeen in basketball for officials and coaches. Assistant Commissioner Louis Stout conducted fourteen clinics for baseball umpires and coaches. Out of the 499 football officials that took the National Federation examination for advanced ratings, 105 became approved and 288 are certified. In basketball out of the 716 that took the test, 273 became approved and 444 are certified. One hundred took the baseball test, 69 became approved and 75 are certified.

The Board of Control, the Assistant Commissioners and I are grateful for the cooperation the superintendents, principals, athletic directors and coaches have given us in running the program for the Association.

ATTENTION PRINCIPALS OF K.H.S.A.A. MEMBER SCHOOLS:

At the April 20, 1978 meeting, the K.H.S.A.A. Board of Control voted to continue to provide catastrophe injury insurance for all high school athletes for 1978-79. The maximum medical benefits per injury was increased from $25,000 to $50,000 over the previous year.

Briefly stated, the K.H.S.A.A. catastrophe plan contains the following provisions:

1. $1,000 deductible clause;

2. Up to $50,000 in medical benefits per injury (after the deductible has been satisfied and after the benefits from all other insurance has been considered);

3. Coverage for students engaging in, practicing for, or traveling to or from, all activities under the jurisdiction of the K.H.S.A.A. and the direct supervision of a school employee;

4. Coverage for all registered officials of the K.H.S.A.A., while officiating, or traveling to or from the game they are to officiate;

5. Coverage for medical expense incurred within two years following the date of injury;

6. The deductible is eliminated for injuries sustained during a state series of tournaments or meets.

The plan is underwritten by Sentry Life Insurance Company and is administered by Doug Ruedlinger, Inc. If you desire additional information, we suggest you write our catastrophe insurance consultant, Mr. John Joy, P. O. Box 3194, Johnson City, Tennessee, 37601, or call 615-928-7381.
